

RULES · 01/4

How to play

Set your heat. Everyone picks a max heat, 1 to 5. The table plays at the **lowest** number picked. No one has to say why.

Take turns. Draw, read it out loud, then choose: **do it now**, **claim it** for later, or **skip it**. Skipping is always free.

Score Sparks. The number in the corner is what the card is worth. First to the goal catches fire.

🔥 kindling

RULES · 02/4

Sparks

Quick night: first to 25. **Long night:** 50. **Season:** keep a running total for a month.

The Woodpile. Big cards (Wildfire, Slow Burn) are usually claimed now and done later. Keep them face up in front of you. They score when you complete them.

Match cards. Everyone votes in secret. If everyone says yes, everyone does it and everyone scores **double**.

Wild cards bend the rules. Follow what they say.

🔥 kindling

RULES · 03/4

Consent & care

Every card is optional. Skip any card, any time, no reason given, no penalty, no eyebrows.

“Cool it.” Anyone can say it. The heat cap drops by one for the rest of the game.

“Ember out.” Anyone can say it. The game ends right there and you go get water, snacks, and a hug.

A yes tonight is not a yes forever. Check in like it's part of the game, because it is.

🔥 kindling

RULES · 04/4

The Pot

Optional, and fun. Before a Season starts, everyone puts the same amount into a jar. \$20, \$100, whatever feels right.

At the end, the player with the most Sparks picks how the whole pot gets spent, from a wish list you all wrote together: a hotel night, a class, a dinner you've been eyeing.

The catch: the player with the fewest Sparks has to plan it. Everyone goes. Everybody wins, someone just wins a little more.
